

Capability statement

Suncamper has been making motorhomes in Australia for 50 years, from a single factory in Thornleigh, NSW. Commercial vehicles have been built alongside that range since the 1990s. Cabinetmakers, plumbers, electricians and the drawing office work on staff at Thornleigh. Composite bodies are CNC-cut and fitted in-house. The design, the drawings and the fitout stay in the factory, to the same construction standards as our retail motorhomes.

WHAT WE BUILD

- | | |
|---|-------------------------|
| ■ Mobile showrooms and display vehicles | ■ Mobile medical units |
| ■ Mobile offices | ■ Mobile classrooms |
| ■ Bus conversions | ■ Dog grooming vehicles |
| ■ Gas testing vehicles | ■ Merchandise vans |
| ■ Specialty motorhome builds | |

WHO WE BUILD FOR

- | | |
|--------------------------------|--------------------|
| ■ Logistics and transport | ■ Mining |
| ■ Escort and support vehicles | ■ Corporate buyers |
| ■ Government and institutional | ■ Rental operators |

HOW AN ORDER WORKS

- | | |
|---------------------------|--|
| 1. Brief | You tell us what the vehicles need to do, who will use them and how many you need. |
| 2. Design sign-off | We agree the layout and fitout with you before the build starts. |
| 3. Build | The vehicles are built and fitted out at our Sydney factory. |
| 4. Handover | The finished vehicles are handed over to you. |
| 5. Aftersales | 12 month warranty as standard. Extended cover available on fleet and rental agreements.
Chassis covered by the manufacturer's own warranty. |

Compliance, warranty and contact

CREDENTIALS

ADR and VTA	Every vehicle is fully engineered, ADR compliant, and holds a Vehicle Type Approval. Your compliance is covered.
Warranty	Every Suncamper Commercial vehicle is covered by a 12 month manufacturer's warranty on the build. For fleet, rental and multi-unit orders, extended cover can be agreed in writing as part of your supply agreement, with terms matched to how the vehicle will be used, the kilometres it will cover and the number of units you order. The chassis and OEM components such as appliances and air conditioning carry their own manufacturer warranties, set by each manufacturer. We can help you choose the right chassis and talk you through its warranty before you commit, and we confirm exactly what applies to your build before you sign. Your rights under the Australian Consumer Law are not affected.
Award	Suncamper Motorhomes, CCIA NSW Gold Manufacturer of the Year.

EVERY BUILD STARTS WITH YOUR BRIEF

Each vehicle is made to your requirements: who will use it, what it must carry or enable, and the operating environment. One vehicle or a whole fleet. This statement shows no pricing; tell us what you need and we will come back with how the build would work.
