

MOBILE MEDICAL

A clinic that travels to patients.

A clinical space built into a vehicle, so screening and care can happen where the community is. We build it to your brief at our Sydney factory, from the clinical layout to the fitout, then hand it over.

FITTED TO YOUR CLINICAL BRIEF

- Clinical workstation
- Patient bed or scanner area
- Cabinetry and storage
- Wheelchair lift
- Climate control

For health screening programmes, outreach and remote services, allied health providers, and mining and remote sites.

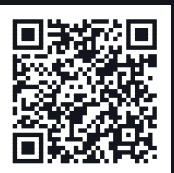

01 • BRIEF Define the job, users and quantity.	02 • SIGN-OFF Layout agreed before the build.	03 • BUILD Fitted at our Sydney factory.	04 • HANDOVER Finished vehicle delivered.	05 • AFTERSALES Service and parts support.
